March 1st, 2006

GWRRA · REGION I · WASHINGTON DISTRICT · CHAPTER O

# The Pod Publisher

## Thoughts from your Chapter Director

Hello to the pod,

Well, just when I thought we were going to get some decent weather for riding the weather guessers are talking snow. Oh well, blue skies will get here sooner or later, I hope.

Chapter “O” has been on the go, good weather or not. It was raining hard but we had a great turn out for our January meeting. Thanks to all who were there to see Bill & Lori step up as my second assistants.

On Feb the 4th, The District was host to a Rider Education Workshop in Buck-ley. That was the day we were under a high wind watch, but we still had a dozen or so Orcas there. Thanks Roy, the classes were great as were the instructors .

On the 12th the weather was clear but cold ( 32 degrees) when Mike Berreman, Mark Maier, and I left my house to meet the Pod at the Clearwater Casino to enjoy their great Sunday Brunch. I could not feel my toes or fingers when we got there, but hot coffee soon fixed that. We had a great turn out. I believe we had 22, thanks to everyone for your continued support.

On the 18th, we will be going to the bowling challenge hosted by WA-G. I hope by the time you read this, we will have taken the trophy away from them.

March will be another busy month. Once more “O” will be on the go. We will have chapter visitations, we will visit a mall show in Aberdeen, and Chapter G’s Auction in Gig Harbor. We will have a dinner social at Angels in Bremerton and a staff meeting at The Berremans.

So come on out and join us. The fun is just getting started.

John

P/S Congratulations to Rick & Sharon Williams, on the purchase of their Ruby Red Wing.

## Rider Education, Senior Educators Donna and Alan

Saturday February 4th, was a full day of Motorcycle Safety-Education, lots of knowledge and a day full of new seminars and traditional ones.

We started the day out weathering one of the worst storms we have had in ages around here. The worst thing of the day for me was driving over the Narrows Bridge in the terrible side winds. After doing that, the rest of the drive to Buckley was breeze!!

The workshop got off to a fast start with opening ceremonies. By this time we all had a schedule of the days events and was trying to decide where we wanted to go first, all the way to the last class of the day. We had such a great selection to choose from with most of them being offered twice so not to miss out on anyone of them. Here are some of the classes offered and highly recommended to anyone for next year to attend. Co-Rider Course, Road Captain, Trailing, Motorcycle Tech Talk. Mature Rider, Tires, GPS basics, Weather and Bikes, Street Signals, Packing Light- Packing Right, and Instructor Development. We had a variety to choose from, with Fantastic Instructors.

After being in class and straining our minds to the max, the coffee and donuts we munched on early in the morning were gone and our stomachs wanted more nourishment. So in the manner in which GWRRA members are accustomed to, we were fed a spectacular lunch!!

Now you all know when they put out the grub and let us loose to fill our own plates with build your own sandwiches, you know that we did the pod proud. We had Roast Beef, Ham, And Turkey meat, and all the fixings. They had salads, potato chips, and a sinful Brownie desert, filled with chocolate pudding with whip cream. When I sitting at the table I started to laugh watching everyone wrap their lips around those huge sandwiches we had made. I confess I smashed mine down to eat it!! Okay, so we were on another feeding frenzy, where were you???

It was wonderful to see so many come and participate in such an important workshop. It shows we are all keeping up on FUN, SAFETY AND KNOWLEDGE. The one that attended are, Renee and Nelson Wagner, John Scriver, Lori and Bill Biltoft, Sandi and Ken Smith, Rita and Vern Walker, Donna Dodge and Alan Fewel, Jim Olmsted and our new member Jack Harrison.

I know everyone is so tired of this weather we have right now. I can't wait until we can start to ride again and be "O" on the go again. Until then, if you do ride, please be careful, with so much blown down in the storm and wet roads it can be kind a ruff out there.

Anyone needing classes let us know, we are setting up a CPR-First Aid class soon. Need an ERC class, let us know

## Packing a First Aid Kit for Your Bike

At the meeting last month I ask everyone if they would like another copy of the list of supplies to make a first aid kit. Remember if you already have a kit in your car and motorcycle, it is time to remove all the old items and replace with fresh supplies. We never should travel without a kit with us because you never know when you will need it. Here's a suggested list of items:

**Bug Repellent:** sprays or lotions of your choice

**Burn Ointment:** either over the counter burn ointment or have your physician prescribe Silverdine (for more severe burns until you can get medical attention), if you are not allergic to sulfa medications.

**Butterfly bandages:** 4-5 small butterflies

**Calamine lotion:** small plastic bottle

**Charcoal:** a small, one ounce plastic bottle

**Cotton balls:** put about twenty into a zip lock bag

**Cotton swabs, Sterile:** get pr-packaged one, two to a package. Keep 10 in your kit

**Cough suppressant:** a small plastic bottle. Also useful is cough drops

**Dental floss:** a small container

**Diarrhea Medicine:** Pepto bismol tablets come in blister pack and an anti-motility agent such as Imodium AD available over the counter

**Dry- wash pads (wipes)** 6-8 prepackaged pads

**Gauze pads:** 8-12 of both 2" and 4"

**Heat and cold packs:** the best kind to get are those that can be used for both heat and cold, replace as needed

**Hydrocortisone cream:** one small tube of 0.5%

**Hydrogen peroxide:** fill a small (6 ounce) plastic bottle or by a small one at the drug store

**Irrigating bulb syringe:** a small three to four inch syringe

**Mirror:** at least a four inch square, unbreakable mirror in a case

**Moleskin:** 4 to 5 patches

**Oil of cloves:** a one ounce tube, (can be used for tooth-aches)

**Petroleum jelly:** a small tube

**Powdered electrolyte mix:** This can be found in powdered form and mixed with water. It's worth searching for instead of carrying a gallon of pre-mixed fluid

**Prescription drugs:** If you take prescription drugs, always have an extra supply on hand. Have your doctor prescribe antibiotics if you get frequent bladder infections, always keep a prescription available. Take out of kit after trip.

**Safety pins:** 6 medium size pins

**Scissors:** a small 6 inch pair will work very well. Always leave them in the kit

**Sun screen:** At least an SPF 15 or higher, enough for your trip, plus leave a small one in your kit

**Triangular bandage:** large triangle which can be found in almost any large drug store

**Tweezers:** the best one are the scissors type

As you may have noticed, everything is in plastic and small. Space is always a consideration when traveling on our bikes. Everything should fit in a small bag and stay organized.

Donna Dodge

## “Dancing and Dining”

Valentines Day Dance, Brunch at Clearwater Casino

Rita Walker

I am going to combine both events in to one article in order to save time and space. We arrived early at the Valentines Day dance in order to hold a table for the rest of the chapter we had figured would attend this function. The place was decorated so nice with hearts and flowers and balloons all over the place. Someone had put in a lot of time decorating and it was very pretty. Since this was not only a Valentines party it was also a special evening for two of Chapter “O” members, Frank and Diane Tabor. They were going to renew their wedding vows. Diane looked so pretty in her cream colored gown with flowers on her wrist. Anyway, by the time dinner was served it finally dawned on us that we were to be the ONLY members of chapter “O” to attend this special event for two very important members of our chapter. I hear all this talk about PARTICIPATION and for this event there was NONE by chapter “O”. The next day I did hear several people from chapter “O” say “Oh, we don’t dance, so we didn’t go”. Actually Vern doesn’t dance much either but we attended anyway! This was a very special event for Frank and Diane and I think members of this chapter fell down on supporting them! We do thank chapter “G” though for asking us to sit with them since we sat all alone at a large table, waiting and waiting for someone from Chapter “O” to make an appearance. We were asked several times where the rest of our chapter was, actually we wondered about that ourselves.

Brunch at the “Clearwater Casino” was a study in misinformation! We had been told on the phone that we were to leave Texaco at 9:30 am. Vern and I made it a point to be there ahead of time so we could go there with everyone else. Actually it was decided at the staff meeting that this was the time we would leave. After waiting alone for about 45 minutes we were about to leave to go alone when Ken Smith showed up and said he had been told we were to leave at 10:00 instead. Then Rick (Ricky Rocket) Williams showed up and his new red 1800. After admiring his bike and chatting for a while we decided that we were it and no one else was going to be there. So about 10:15 we headed for the casino. Actually I was looking forward to breakfast with three very charming men but once we got to the buffet we found the rest of the group already there and had finished their breakfast. Anyway, breakfast was excellent and the price for seniors is wonderful. No wonder the place was packed with seniors. I really think though that if there is a change in times of departure that everyone should be on the same page!

## Riddler’s Corner

KNITTING:

A highway patrolman pulled alongside a speeding car on the freeway.

Glancing at the car, he was astounded to see that the blonde behind the wheel was knitting! Realizing that she was oblivious to his flashing lights and siren, the trooper cranked down his window, turned on his bullhorn and yelled, "PULL OVER!"

"NO!" the blonde yelled back, "IT'S A SCARF!"

### The Marine and the Insurgent

A U.S. Marine squad was marching north of Falujiah when they came upon an Iraqi terrorist, badly injured and unconscious.

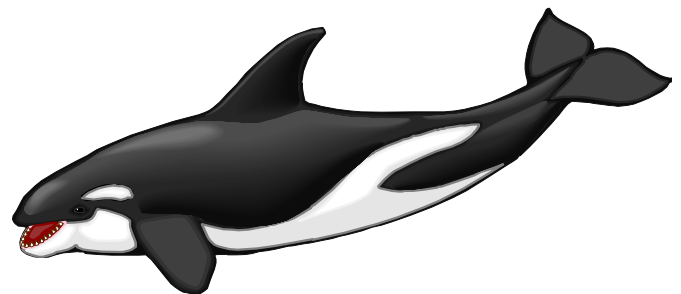

On the opposite side of the road was an American Marine in a similar but less serious state. The Marine was conscious and alert and as first aid was given to both men, the squad leader asked the injured Marine what had happened.

The Marine reported, "I was heavily armed and moving north along the highway here, and coming south was a heavily armed insurgent. We saw each other and both took cover in the ditches along the road.

"I yelled to him that Saddam Hussein is a miserable, lowlife scumbag, and he yelled back that Senator Ted Kennedy is a good-for-nothing, fat, left wing liberal drunk. So I said that Osama Bin Ladin dresses and acts like a frigid, mean spirited lesbian!" He retaliated by yelling, "Oh yeah? Well, so does Mrs. Clinton!"

"And, there we were, in the middle of the road, shaking hands, when a truck hit us"

Submitted by Rick Williams

## Editors Note

Greetings,

Well, Sandi and I got out the first and second News Letters and there were a few mistakes but not too many, so hopefully the third time is the charm.

I don't know about everyone else but so far this year has been great with our chapter being out and about and on the go. A few map reading problems and a little miscommunication but all in all we're out there showing ourselves to the other chapters. Rick and I did some checking and found we were wrong about what time we had Sunday and if we'd have checked our staff books we'd have found the correct time instead of the assumed time. Well we still all had a good time, live and learn.

A reminder for your articles, jokes, recipes for the News Letter has a dead line of the 15<sup>th</sup> the each month. We'll try and remind everyone as John will around the 10th of each month to help us keep on track. If there's no last minute edits by the staff the News Letter will go out 10 days before the end of the month.

Please send us your articles, recipes, short stories jokes (good taste), Etc. Please send them as earlier and often as you'd like. I can always hang on to things for the next News letter.

Thanks for your support! Ken and Sandi Smith

## Chapter Store

Greetings,

Just a reminder to everyone the store items will be at the chapter meetings,. We have most patches, pins, anything you might want for your vest. We have everything displayed in our new catalogue, so check it out. Or if there's something you want me to check on call or email me and I'll find out what I can.

We just added the new white canvas type baseball hats with the new logo to our inventory, they'll be running \$12.00. We also have black winter or summer chapter hats for \$6.00 as well.

At the last Staff meeting it was decided to get more uniformed with our chapter shirts so a white polo type shirt is being looked into, It will be long or short sleeved and white was decided on because most everyone has a black vest. For those who might not know our chapter colors are black and white.

With that said all remaining shirts are 50% off the normal cost. We have only a few logo shirts left so if you'd like one contact me. We have: White Collarless 3 Button SS, 1-L and 1-3XL, Black Polo SS 3XL, Black T-Shirt L and White T-Shirt 2-2XL. Don't forget your patches for your vests either.

So get your goodies and display your chapter affiliation.

Store Keeper Ken (Smith)

## PROUD NEW WINGER

Two weeks ago, I attended the WA. O staff meeting like a good boy and afterwards, John Schrivner (our beloved CD) took several us to his top secret shop to see his "NEW" Gold wing. We had heard that it was a very special bike and even Myrna approved! I have never paid very much attention to a Wing before because.....I'm just not a Gold Wing kinda guy (I'm too young). I felt that my Valkyrie (Fat Girl) is as good as gets, so why look elsewhere?.....so I thought.

John had just purchased a new white.....WHITE!! ...Gold Wing with extras, read that as chrome and lights! As he showed us all the cool stuff, I was quickly intrigued with just how cool a Wing was. How could I have missed this? I was amazed to say the least.

The very next day, I went to "Brothers" Honda in Bremerton. I found a knock-out Fire Engine Red 2004 Wing with 7500 miles on the odometer. I Fell in "lust" at first sight and started talking to Adam Carlin, a sales associate and very cool guy, and knew it was going to "happen". Kevin Rude is the Sales Manager and has greatly turned "Brothers" into the right direction. I have known him for several years and he is a great guy. He urged me to come back Tuesday and talk. I did my Kelly Blue Book home work and was prepared by Tuesday. My friend, George Post of Chapter "B" asked me to call him before I went and I did so. We arrived that Tuesday morning and lo and behold, John Schrivner was there to resolve a color problem with his Ring of Fire colors on his spanking new Gold Wing, (he doesn't like tickets) so I had two friends for support. Soon, I took the Red Wing for a ride home to see if it fit Sharon (my wife's) idea of a comfortable ride. As she and I left home, it began to sprinkle and before we went a mile, it began to pour, I mean really POUR! I convinced her that the best avenue was to go directly to "Brothers" and as we arrived, it began to rain like I had this all planed! Heh Heh, I had a captive partner!

Sharon really enjoyed the comfort of the Wing which led to a discussion of how much (a lot of how much!) when and what if. John Schrivner gave me advice and support to the extent and I do mean he made a difference that I gave an offer which led to a great deal on that Red Wing. I now own it and they have my beautiful Valkyrie on the floor for sale. I still can't believe that I gave up my "Fat Girl" for a "wing" but I did, and still get excited even though I have only ridden it home in a driving rain to the safety of my shop. Once I blew dry her skin and lovingly toweled her Red paint to a shiny luster, I knew that I had found a new love. By the way, Sharon insists that I call it "OUR "wing. Many of you can identify with that and I certainly won't object!

This morning, I attended Chapter "B"s monthly meeting and announced that as of last week, I had attained the ripe old age of 57 and felt that I was "old" enough to ride a Gold Wing!

I wish to thank John Schrivner for the terrific support and advice in purchasing my very first Gold Wing.

I further want to thank Kevin Rude of "Brothers" Honda as I have casually known him for several years and he is a wonderful guy that understands how to make a customer happy. He knows what it takes and I predict that he will take "Brothers" where they have never been before. Kevin is a truly great guy that will take care of you and will do what it takes to get your business. See him first or last but don't leave him out of your game! Thank you Kevin, Adam and Brother's. I am a very happy biker! My new bike is my "Lipstick Girl".

Rick Williams (no longer Ricky Rocket)

# ***Don't Be A Victim of Identity Theft,* Submitted by Ken Smith**

Here are some suggestions on what to do if you are the victim of mail theft, fraud, stolen wallet/purse, or identity theft, and tips on preventing it. These types of crimes are on the increase and are very prevalent in today's society. Often times, thousands of dollars in charges can be racked up in a short amount of time, causing extreme financial problems, bad credit, false criminal history, and large headaches.

## **Tips on prevention:**

1. Send outgoing bills and other sensitive mail through the post office. If you have a mailbox that is not easily visible from your residence, think about getting a post office box, or a locked mailbox. Check your mailbox as soon after mail delivery as possible. Talk to your neighbors and keep an eye out for suspicious activity. Call 9-1-1 if you see someone suspicious going through mailboxes and give a description of the person(s) and vehicle, especially the license plate number. Have your new checkbooks sent to your bank where you can pick them up in person.
2. Keep all sensitive information, check books, and credit cards and account information in a safe, hidden, locked location (not a dresser drawer), preferably a safe, lock box, or safe deposit box at a bank. Do not lend your credit cards or checkbook to anyone not authorized to make purchases, do not give anyone your PIN number. Do not keep your PIN number for your ATM cards in your wallet or any other easily accessible area. Always keep your wallet or purse in a safe and secure place. Do not leave them or other items unsecured in your vehicle, work area, or shopping cart.
3. Be leery of giving any personal information to anyone over the telephone or internet. Photocopy your important documents front and back, like your drivers license, credit cards, ATM cards, and social security card, especially the items kept in your wallet or purse. Keep the copy in a secure place. This will help you remember what was in your wallet or purse if it is stolen. The copies should also have the numbers should you need to call to report them as stolen.

## **What to do if you are a victim:**

1. Call 9-1-1 and report the incident as soon as possible. File a police report, and get a case number. Additional information can always be added later, it is important to report it immediately. Ascertain exactly what may have been taken.
2. Call your bank and advise them if you have had checks stolen. You will need to cancel the checks, and probably open another account under a different account number. Give the bank the case number, they will alert law enforcement if the stolen checks are being used. Get copies of any stolen checks that were used, and send a copy to the investigating police agency. Call your credit card companies. They will cancel the cards, and also provide an alert on unauthorized use. They can also generate reports of usage of stolen cards, which includes date and times as well as location where it was used. Have the company send these to you, make copies and provide them to the investigating police agency.
3. Immediately call the three national credit reporting agencies to report the theft. They are:
  - Equifax – 1-800-525-6285
  - Experian (formerly TRW) – 1-800-301-7195
  - Trans Union – 1-800-680-7289.

It is important that you call and have a fraud alert placed on your name and social security number. Criminals can and will try to get as many cards in your name as they can. They will within days max out any credit that you may have, as well as credit fraudulently received in your name. This can amount to thousands of dollars of charges in your name, as well as a bad credit rating.

4. If your drivers license was stolen, report it to DOL. In some states criminals can change a victims driving information on line. Get a new license as soon as possible. If you suspect someone has taken your social security number and is using your identity to commit crimes, call the Social Security Administration fraud line at 1-800-269-0271. Most credit card companies and banks require your social security number, so safeguard it and call the fraud line immediately.

These are just a few suggestions to help keep you from being a victim of the growing crimes of mail theft, fraud, and identity theft. Always be vigilant in safeguarding your property, the days of leaving doors unlocked is over. These are crimes of opportunity, and today's criminals will take you for all that they can. Limit or eliminate the damage these criminals can cause by taking preventative steps like the ones mentioned above. Talk to your neighbors, watch out for each other, and work together to help law enforcement agencies stop this rising problem.

## Schedule of Events

- March 3rd: Visit Chapter Q, Lv Tex at 5:00pm
- March 5th Chapter B Meeting Day
- March 12th Chapter D, I, Z Mall Show Lv Belfair Safeway 6:30am
- March 14th: Dinner Social at Angels on Wheaton Way, Meet 6:00pm
- March 18th, Chapter G Meeting Day, Auction, Lv Tex 7:30am
- March 18th, Chapter V, St. Patty Dance
- March 21st: Staff Meeting at Mike Berreman's, 6:30pm
- March 25th: WA-O Regular Meeting, 8:00am, Airport Diner, Bremerton Airport
- March 26th: Chapter F Meeting Day
- March 31st Weekend Chapter Q, Elma Rest Stop
